Straddle - Blowout Jet Urinal - ADA Compliant

Fixture is arranged to be installed on finished wall and serviced from an accessible pipe chase. Optional Wall Sleeve or Metal Template is recommended for all installations for required wall openings. Unit conforms with ANSI, UFAS and ADA requirements for accessibility. Compliance is subject to the interpretation and requirements of the local code authority. Fixture is fabricated from 14 gage, type 304 stainless steel and is seamless welded construction. Exterior has a satin finish. Interior has a matte finish. Fixture is back wall washdown type, and is optionally available with a continuous flushing rim that washes all four walls. Corners are coved to facilitate cleaning. P-trap is fully enclosed. Back of fixture is sound-deadened with fire-resistant material. There are no accessible voids or crevices where contraband can be concealed.

Urinal is blowout jet type with back wall washdown. Flushing connection is 1-1/2" NPT male and requires a minimum of 25 PSI flow pressure and a water consumption of 3.5 Gallons Per Flush. P-trap has a minimum of 2-1/2" seal.

Mounting Hardware is furnished for walls up to 8" thick.
