

UPDATED: PUBLIC NOTICE

Normandy Road Closure

A new Road, called Audie Murphy Road, will connect Normandy and Goetz Roads from the North and the South. Audie Murphy Road South was scheduled to be opened to the public on August 31, 2017, but has been extended to September 22, 2017 by the developer to finish some last minute improvements. The existing Normandy Road, from La Ladera Road to Goetz Road was permanently closed to make way for this new connecting Road.

Additionally, road construction and signal modifications will occur along Normandy Road from La Ladera easterly over Salt Creek to Berea Road, from Mid-September to Mid-October. Drivers are advised to use an alternate route during construction. Please also note that ongoing miscellaneous construction along Audie Murphy Road South will be occurring until the end of the year, which should not impede traffic flow. For more information about street improvements, closures and detours, please contact City of Meniffee's Public Works Department at **(951) 672-6777** or for more information about the Audie Murphy Ranch development project, please contact Brookfield Residential at **(888) 802-3212**.
