## CANDIDATE STATEMENT

Received

My passion for making Menifee a wonderful place to live began when I moved here 17 years ago. Since then, Menifee became a City and the Fourth District is emerging with a wonderful mix of families, seniors, ranchers, farmers, restaurants, businesses, medical services, recreation, and so much more. Most of this did not exist back then, and I am proud to say that I played a part in making much of this growth happen. My experience: Menifee Citizens Advisory Committee, Menifee Interfaith Council, Menifee Better Together, Annual Thanksgiving Dinner event, Senior Advisory Committee, Homeless Task Force, and City Senior Health Fair, all have prepared me for continuing my mission to make Menifee an even greater city. I can contribute so much more as a City Councilmember.

As the Fourth District Councilmember, I will always put citizens first by considering what is best for each of our diverse groups of residents. I will work to ensure safety and security, promote economic development, improve transportation, and expand opportunities for all age groups.

You can count on me to be accessible, effective, objective, and committed to the future of our wonderful city. I ask for your vote in the November election.
