City Manager Johnson updated Chairman Denver on the various options available that will be fully investigated by the new Finance Director when he begins. Chairman Denver asked for consideration and explanation of a City wide option that includes charging all houses, not just a CFD for new development.

5. Review of Requested Handout for Business owners – Contacts for Assistance with County Homeless Resources

Senior Management Analyst Gonzalez distributed a pocket flyer that is produced through the County of Riverside through grant funds and shows available resources and how to contact them, including assistance, education opportunities, employment, food, etc. Chairman Denver asked to have the item updated at the next meeting to show areas where each one in need to be given a place to be directed to, not just a phone number and make it more Menifee specific. The City Manager noted there are few homeless or transients in Menifee (around 10-15) and fewer resources for them, no homeless shelter, etc. He agreed to ask Management Analyst Gonzalez to update and provide what information as is possible. Chairman Denver suggested consideration of a bus pass for those who wish to leave the area, etc.
