FOR IMMEDIATE RELEASE

August 21, 2017

New Audie Murphy Road to Open

MENIFEE- A new road, called Audie Murphy Road, will connect Normandy and Goetz Roads from the North to the South. Audie Murphy Road South is scheduled to be open to the public on August 30th, 2017, with the north side to be completed during a future phase of the development. The existing Normandy Road, from La Ladera Road to Goetz Road was permanently closed in February to make way for this new connecting Road.

Additionally, road construction and signal modifications will occur along Normandy Road from La Ladera easterly over Salt Creek to Berea Road, and will be closed from Mid-September to Mid-October. Drivers are advised to use an alternate route during construction (see flyer). Please also note that ongoing miscellaneous construction along Audie Murphy Road will be occurring until the end of the year, which should not impede traffic flow.

For more information about street improvements, closures and detours, please contact the City of Menifee's Public Works Department at call (951) 672-6777, or for more information about the Audie Murphy Ranch development Project, please contact Brookfield Residential at (888) 802-3212.

###

ABOUT MENIFEE: *Situated in the heart of southern Riverside County along Interstate 215, Menifee is a vibrant, new city of more than 90,000 residents who enjoy a pleasant year-round climate, abundant recreational offerings, reasonably priced housing and convenient proximity to some of Southern California's premiere attractions and employment centers. Within its 50 square miles, Menifee's business, retail and entertainment outlets are starting to shape the community's character and this growing economic base is also contributing favorably to the city's strong financial position. Menifee's growing family-oriented population values the city's ongoing commitment to public safety, community events and smart growth for the future. All of these elements are working together to support the city's strategic vision to make Menifee one of the state's most promising new cities.*
