Menifee City Council Adopts 5 Year Capital Improvement Program

The Menifee City Council voted unanimously to approve the city's 5 Year Capital Improvement Program (CIP) at the June 5 City Council Meeting. The CIP was developed to advance the goals and objectives of the city's General Plan and provides a working blueprint for sustaining and improving the city's infrastructure by coordinating strategic planning, financial capacity and the physical development of a variation of projects included in the plan.

There is a total of 145 capital projects identified in the CIP, which is broken into five project categories: transportation, traffic signals, street improvement and rehabilitation, drainage, facilities and community services department projects. The projects within the CIP are broken up into four priority levels, with Priority 1 projects being those most likely allocated funding resources to begin implementation in the near term. CIP projects are funded through a variety of sources including Measure DD, the city's one-percent sales tax.

"I would like to commend city staff for their hard work and diligence in putting this plan together," said District 2 Councilman, Matt Liesemeyer at the June 5 City Council Meeting. "I'm excited for residents to see their tax dollars put to work with this plan."

While the CIP was adopted by the City Council, it is considered a working document and will be revisited annually through 2023-24 to ensure that it reflects changing community needs, priorities and funding availabilities and opportunities.

"Menifee is growing at a tremendous rate," said City Manager Armando Villa. "City staff worked incredibly hard and efficiently to ensure that we have a plan to manage that growth and reflects what the City Council and the residents of our city desire for the future."

Frequent updates on Capital Improvement Projects happening throughout the city will be posted to our website. Please check back regularly for more information.

###

ABOUT MENIFEE: *Situated in the heart of southern Riverside County along Interstate 215, Menifee is a vibrant, new city of more than 90,000 residents who enjoy a pleasant year-round climate, abundant recreational offerings, reasonably priced housing and convenient proximity to some of Southern California's premiere attractions and employment centers. Within its 50 square miles, Menifee's business, retail and entertainment*

outlets are starting to shape the community's character and this growing economic base is also contributing favorably to the city's strong financial position. Menifee's growing family-oriented population values the city's ongoing commitment to public safety, community events and smart growth for the future. All of these elements are working together to support the city's strategic vision to make Menifee one of the state's most promising new cities.
