### Menifee Gets to Work with Measure DD Funded Road Grader

**Menifee, CA** – The City of Menifee’s Public Works Department has begun road grading work using a newly purchased road grader that was funded by Measure DD. The equipment will be used to grade dirt roads that are utilized by motorists and pedestrians throughout the community.

The road grader equipment purchase was approved at an August 21 City Council Meeting, along with the purchase of a backhoe loader and support equipment. The purchase of these road safety equipment items was funded by Measure DD.

“This new equipment, in conjunction with a newly developed maintenance schedule, will help maintain these unpaved roads for pedestrians and motorists,” said City Engineer/Public Works Director, Jonathan Smith.

“It is imperative that we commit Measure DD funds toward either public safety or road maintenance and repairs,” said Menifee Mayor, Bill Zimmerman. “Many of our original rural neighborhoods have unimproved dirt roads. While we respect the historic culture and identity of those places, we want to make sure that they remain safe for travel. This equipment purchase will allow the city’s maintenance crews to do just that.”

###

**ABOUT MENIFEE:** *Situated in the heart of southern Riverside County along Interstate 215, Menifee is a vibrant, new city of more than 94,000 residents who enjoy a pleasant year-round climate, abundant recreational offerings, reasonably priced housing and convenient proximity to some of Southern California’s premiere attractions and employment centers. Within its 50 square miles, Menifee’s business, retail and entertainment outlets are starting to shape the community’s character and this growing economic base is also contributing favorably to the city’s strong financial position. Menifee’s growing family-oriented population values the city’s ongoing commitment to public safety, community events and smart growth for the future. All of these elements are working together to support the city’s strategic vision to make Menifee one of the state’s most promising new cities.*
