City of Menifee Seeks Input on Housing Through Virtual Workshop and Community Survey

MENIFEE, CA—What should be the vision for housing in Menifee? We want to hear from you. The City of Menifee would like to hear the community's thoughts about housing and invites residents to attend the City's Housing Element Community Workshop, which will be held virtually on Thursday, October 22.

The City is in the initial phase of updating its Housing Element of the City of Menifee General Plan. Information provided through virtual workshops and online surveys will help the City identify housing issues most important to the community and address the City's housing needs for the future. With the input received, the Housing Element will include policies, programs, and objectives reflective of the community to guide future housing growth.

Housing Element Community Workshops

There will be three community workshops for the City's Housing Element Update. These workshops will be held in fall of 2020 and winter and spring of 2021 and will provide the opportunity for the public to share ideas and input on housing issues and opportunities in Menifee.

Community Workshop No. 1: The first virtual workshop in this series takes place next week on Thursday, October 22 at 6 p.m. For information on how to join the virtual workshop, please visit our Housing Element Update [webpage](#).

Housing Element Survey

What if you are unable to attend the workshop? The Menifee Housing Element Update Survey is another way to let the City know your thoughts about housing in Menifee. The survey only takes a few minutes to complete and can be accessed at the following website:

The information provided in the survey and community workshops will help the City update its Housing Element in a way that best serves residents. An adequate supply of quality housing available for the entire community is fundamental to the economic and social well-being of Menifee, its residents, and economy. So, mark your calendars and get involved in making Menifee an incredible place to live, work, and play.
